

**MINERVA**

**3,300 to 4,500 lbs**

Lithium Battery Powered  
Pallet Truck

**CBD15 / 18 / 20J-Li-S**

- ◆ Simple flexibility, lightweight and small turning radius make the pallet truck suitable for use in narrow aisles.
- ◆ The main parts are covered with protective cover, which is safe, reliable and easy to disassemble, and convenient for maintenance and repair.
- ◆ Same hydraulic pump with the hand pallet, simple and reliable.
- ◆ Integrated handles integrate a key, and the meter makes operation simple and convenient.
- ◆ Portable lithium battery packs provide easy and quick battery replacement.
- ◆ Emergency reversing devices ensure safe operation.
- ◆ The magnetic brake and motor brake ensure driving safety.
- ◆ Multiple battery capacity options meet the requirements of different working conditions.

## Manufacturer's Data

		MODEL		
Operator type		CBD15J-LI-S	CBD18J-LI-S	CBD20J-LI-S
Controller		CURTIS		
Load Capacity	<i>Pounds</i>	3,300 lb	4,000 lb	4,500 lb
Load Center	<i>Inches</i>	24 in		

		DIMENSIONS	
Overall Length		63 in	
Overall Width		21 / 27 in	
Overall height (with handle)	<i>Inches</i>	46 in	
Fork Length		45 in	
Overall fork width		27 in	
Max. Lifting height		3.3 in	

		CHARACTERISTICS	
Min. Aisle width for pallets 40x48	<i>Inches</i>	71 in	
Min. Turning Radius		55 in	
Max. Travel speed (loaded/unloaded)	<i>KM/H</i>	4.2/4.5	
Service break type		Electromagnetic brake	
Drive motor	<i>KW</i>	0.75	
Wheels type		Polyurethane	

		BATTERY	
Battery Voltage/Capacity	<i>V/Ah</i>	24/20 - 24/30 - 24/40 - 24/60	48/20 - 48/30
Battery Weight	<i>Pounds</i>	13.22 lb - 15.4 lb - 22 lb - 28.7 lb	22 lb - 28.7 lb
Charger specification		24V/10 A	48V/5 A
